#### **Guests:**

None

#### **Staff:**

Carolyn Weygan-Hildebrand, AMHD

Val Yin, CAMHD

#### **Discussion:**

- Mary Pat Waterhouse led the group in reviewing the list of 2023 Bill subjects that the AMHD and CAMHD tracked last year. Then, each subject was assigned to a committee member to track if they come up in the next legislation. A few of the CAMHD topics were assigned to Val Yin who will provide information only.
- There was also consensus over the Kathleen Merriam's assessment that there is a need for fact sheets or grounding information on these subjects (e.g., stabilization beds, Crisis, and others) to make informed opinions on them.
- There are other subjects that have been assigned to other divisions or agencies. These need to be covered also.
- Katherine Aumer will lead the discussion on Tuesday, December 12, since M.P. Waterhouse requested to be excused.
